

Race for the Future 4.0 - At a Glance

August 26-27, 2017 – Chicago, IL

The Foundation for Dental Laboratory Technology is pleased to announce the fourth annual Race for the Future – this year, in the nation's top metropolis, **Chicago, Illinois!** Individuals and companies can help support the Foundation through sponsorship support of racers, race teams, and event elements.

How can I get involved?

- Participate as an athlete
 1. Visit www.chicagotriathlon.com/registration to register as an individual racer or as part of a relay team. Use the promo code **NADLTEAM17** for \$10 off registration costs.
 2. Contact Lindsey Rowan to notify the Foundation that you wish to participate.
 3. Start training and fundraising!
- Become a sponsor – visit www.dentallabfoundation.org/news-events/race-future-4-0/ or contact the Foundation for sponsorship levels.
- Donate instantly online by [clicking here](#). On this page, you are able to write in a racer you wish to support, or give a general Race for the Future 4.0 contribution.

How do I get equipment for the race?

- Each participant is responsible for their own equipment.
- Bike Rentals
 - Bike and Roll Chicago: www.bikechicago.com/bikerentals
- Visit www.shipbikes.com for hassle free bicycle shipping.

Where should I stay?

- The Transamerica Chicago Triathlon's host hotel is the [Hilton Chicago](#)
 - Address: 720 South Michigan Ave Chicago, IL 60605
 - Phone: 1.312.922.4400

How do I find updates about the race?

- Keep up with the Foundation's Facebook page at www.facebook.com/FoundationDLT.
- Keep up with the Foundation's race page at www.dentallabfoundation.org/news-events/race-future-4-0/.
- Keep up with the Transamerica Chicago Triathlon website at www.chicagotriathlon.com.

Where does the money raised go?

- The Foundation will use the money to help provide:
 1. Grants and scholarships to individuals and educational institutions
 2. Educational programs that will be relevant and accessible to both dental technicians working in the laboratory setting and dental laboratory technology students
 3. Awareness of the importance of dental laboratory technology education

Who can I contact for more information?

- Lindsey Rowan at rowan@dentallabfoundation.org or 866.627.3990
