### **2015 Sterngold Grant Awarded by the Foundation for Dental Laboratory Technology**

**Tallahassee, Florida:** Today, The Foundation for Dental Laboratory Technology ("The Foundation") is proud to announce the winner of the 2015 Sterngold Grant:

#### **Bates Technical College – Tacoma, WA**

Sterngold Dental kindly pledged \$10,000 to the Foundation in both cash and product donations over a period of time to help support the future of dental laboratory technology. With this donation, Sterngold and the Foundation created this grant in order to support the Foundation's purpose by making higher-level education more accessible. Bates Technical College will be awarded \$1,250 in product donation from the following list of products:

- QuickLine™ Long-Term Soft Relining Material
- SternTek® Duplicating Material
- SternTek® Custom Tray Material (blue or rose)
- SternTek® Base Plate Material (pink)
- InstaGums® Gingival Reproduction Material

"We are so grateful for Sterngold's commitment to the future of dental laboratory technology. The feeling of knowing the Foundation will be able to continue to support the education of dental laboratory technology professionals by continuing to offer this grant is indescribable," said Foundation Chair, Leon Hermanides, CDT.

The Foundation for Dental Laboratory Technology (FDLT) is a non-profit 501c (3) organization. The purpose of FDLT is to advance the profession of dental laboratory technology by addressing industry driven needs and providing solutions that are relevant and accessible to dental technicians and other members of the dental team.

Sterngold Dental is located in Attleboro, Massachusetts and is the leading source for restorative dentistry and is a global leader in alloys, attachments, implants, and restorative systems. Sterngold uses the ERA® denture attachment, the number one attachment in the world, and has lectured and presented hands-on clinics to thousands of dentists and dental technicians all over.
