

The Foundation

For Dental Laboratory Technology

2023 ANNUAL REPORT

The Foundation for Dental Laboratory Technology is a non-profit 501(c)(3) organization that was incorporated in December 2008 with the help of its sister organizations – the National Association of Dental Laboratories (NADL) and the National Board for Certification in Dental Laboratory Technology (NBC). The purpose of The Foundation is to advance the profession of dental laboratory technology by developing educational curriculum and programs that will be relevant and accessible to dental technicians and other members of the dental team.

Below are a few of the many proud faces our generous donors helped serve.

Tori Anderson, CDT

Dale Wester, CDT

Darius Lajauskas, CDT

Kristy Hoffman

Mohammed Ismail

Tom Rostron, CDT

2023 BY THE NUMBERS:

- ▶ 14 different grants and scholarships offered
- ▶ 123 individuals/organizations awarded, including record breaking CDT/RG Pillar Scholarships
- ▶ Nearly \$100,000 of donor dollars awarded in grants and scholarships
- ▶ Over \$90,000 raised in the Race for the Future, making it the second largest

“Receiving the CDT Pillar Scholarship is not just an academic achievement for me; it is a life-changing opportunity. It has provided me with the financial support necessary to continue my dream of running my dental lab. It has relieved some of the financial burdens I’ve faced, allowing me to focus on my family’s well-being while pursuing my educational and career goals. For that, I am profoundly thankful.”

– Darius Lajauskas, CDT

“As a result of receiving the NADL University Grant, I now have the tools to be an effective manager with the information I gained from attending. Thank you for supporting the dental technology profession through your continued generosity and by giving dental technicians and their labs opportunities to grow.”

– Tori Anderson, CDT

The Foundation for Dental Laboratory Technology

325 John Knox Rd Ste L103, Tallahassee, FL 32303 | (866) 627-3990 | www.dentallabfoundation.org | foundation@dentallabfoundation.org

It is my true honor to represent our profession by serving as the 2024 Foundation Chair. I have personally gained tremendous strides through the generosity of the Foundation and its programs, including obtaining my CDT, which ultimately made being named 2023 CDT of the Year possible. This profession and continuing education have been my pride and joy for over two decades. It is my goal as Chair to ensure as many individuals as possible benefit from the Foundation as I have, ultimately leading to a brighter and stronger future for our profession.

This year is a big year, as it will be our tenth annual Race for the Future – the Foundation's largest source of revenue each year. The race will be held on September 15, 2024 in Fort Worth, TX for the first time. They say everything is bigger in Texas, and I am dedicated to upholding that phrase to be true for the Foundation this year! As with every year, fundraising will be our leading focus. Raising funds is THE driving factor behind the number of grants and scholarships we award each year. We will also continue to work closely with our sister organizations, NADL and NBC, to ensure other workforce needs are met in this ever-evolving industry.

From the bottom of my heart, thank you to every donor big and small that has made the decision to support the Foundation and its efforts, and to the future first-time donors that will make the decision to support us this year. You all are making a significant impact on a daily basis.

—Jennifer Ludwig, CDT
Renstrom Dental Studio, Inc., CDL

“Receiving the CDT Pillar Scholarship is a pivotal moment in my career journey. It empowers me to contribute to the advancement of dental technology, as I can pass this on to my students, ultimately benefiting patients by ensuring the highest quality dental prosthetics and restorations. I am deeply grateful to the Foundation for this scholarship, and I am committed to upholding the values it represents.”

– Dale Wester, CDT

“Sometimes lab life can become busy, and it can feel like it’s impossible to leave the bench, especially as a new owner. The Mark Jackson Memorial Education Grant has given me the resources and motivation I need to be able to take time away from the bench to learn new advanced skills. I can’t wait to see the improvements in my cases and for the doctors and patients to benefit from my growth. Thank you for supporting my continuing education and for making this possible.”

– Shanon Torstenbo, CDT, TE

Your Donations Have Helped to:

- ▶ Sponsor NBC’s Job Task Analysis of the new Digital Workflow CDT specialty, in order to support their efforts of incorporating digital dental technology into the CDT program.
- ▶ Assist NADL in their occupational awareness campaign.
- ▶ Assist schools with the purchase of CAD/CAM consumables and the creation of a new CAD/CAM curriculum to teach students how to utilize new technology.
- ▶ Launch a national NBC Approved Continuing Education Provider Directory Search at www.dentallabfoundation.org/cesearch for interested candidates to have easy access to 1,500+ continuing education opportunities.
- ▶ Secure longevity of the CDT Pillar Scholarship and provide scholarships to over 400 technicians pursuing their CDT totaling over \$400,000.
- ▶ Launch the RG Pillar Scholarship and provide scholarships to over 75 DLT students pursuing their RG, totaling nearly \$20,000.
- ▶ Bring back the NADL University Grant after previously being funded by a strategic partner rather than Foundation donors.
- ▶ Launch the Keystone Grant, providing more than \$150,000 directly to schools to develop and heighten dental laboratory technology awareness and education.
- ▶ Offer the Mark Jackson Memorial Education Grant, providing higher level education opportunities to dental laboratory technicians, totaling over \$75,000.
- ▶ Create strategic partnerships with educational providers, such as Spear Education and Productivity Training Corporation (PTC), to offer grant and scholarship opportunities enhancing DLT education.
- ▶ Launch and continuously expand the Foundation Learning Library at www.dentallabfoundation.org/courses, which hosts over 100 online courses, all of which are currently being offered **free of charge** with the coupon code DLTFoundation.
- ▶ Launch the CDT Hardship Grant to assist CDTs experiencing a hardship in paying their annual CDT renewal fee.
- ▶ Launch the Vision 21 Grant and Leadership Development Grant in order to provide access to higher education in DLT.

Who Have We Helped? 2023 FDLT Grant & Scholarship Recipients

CDT HARDSHIP GRANT

A total of six CDT Hardship Grants were awarded. Recipient's names are kept anonymous for privacy purposes.

CDT PILLAR SCHOLARSHIP

Aarti Ahuja – Cleveland, OH
 Agumenaitwe Ambrose – Kampala, AZ
 Aida Byrd – Salt Lake City, UT
 Amanda Joslin – Billings, MT
 Amiee Le Dinh, CDT – La Puente, CA
 Amy LaValla – Thornton, CO
 Arlene Romero, RG – Pasadena, CA
 Barbara Simmons, CDT – Bonsall, CA
 Bart Martinson – Paradise, CA
 Bedreddine Zemmouri – Chicago, IL
 Blake Lewis – Eagle Mountain, UT
 Brenda Cruz – San Pedro, CA
 Carlos Terres – New Orleans, LA
 Charles Umoh – Philippines
 ChauTam Nguyen, CDT – Seattle, WA
 Clint O'Brien, CDT – Sandy, UT
 Da Young Kim – Phoenix, AZ
 Dale Wester, CDT – Republic, MO
 Darius Lajauskas, CDT – Kenmore, WA
 Dawn Lumpkins – Callaway, MD
 Farheen Malek – New Orleans, LA
 Geum Lee, CDT – Waco, TX
 Gina Won – Phoenix, AZ
 Gongming Meng, CDT – Alhambra, CA
 Hanna Allinson – Eagle Mountain, UT
 Heather McMeans, CDT – Morganton, NC
 James Jameson – Pleasant Grove, UT

Building the Future of Dental Laboratory Technology

We Honor Your Commitment

The Foundation for Dental Laboratory Technology (Foundation) is a non-profit 501(c)(3) organization that was incorporated in December 2008 with the help of its sister organizations – the National Association of Dental Laboratories (NADL) and the National Board for Certification in Dental Laboratory Technology (NBC). The purpose of the Foundation is to advance the profession of dental laboratory technology by developing educational curriculum and programs that will be relevant and accessible to dental technicians and other members of the dental team.

Over 500 individual CDTs, over 700 dental laboratories and countless manufacturers, suppliers and speakers routinely support the Foundation. We would like to take the opportunity to recognize the key contributors that have gone above and beyond in their support.

As of 1/1/2024, these individuals and companies have provided direct cash contributions and/or in kind services cumulatively over recent years. The levels reflected are amounts received. Many of these individuals and companies have renewed multi-year pledges to far exceed their current contribution levels.
