

Leadership Development Grant Application

Application Deadline: March 15, 2024

BACKGROUND:

The Foundation for Dental Laboratory Technology (Foundation) is a non-profit 501(c)(3) organization. The purpose of the Foundation is to advance the profession of dental laboratory technology by addressing industry driven needs and providing solutions that are relevant and accessible to dental technicians and other members of the dental team.

GRANT OVERVIEW:

Recognizing the need for increased accessibility to higher education in dental laboratory technology education and leadership guidance, the Foundation is proud to announce the launch of the Leadership Development Grant.

The Leadership Development Grant will cover tuition for three individuals to attend the NADL Leadership Development Series in 2024. The cost to attend this meeting would typically be \$495 for NADL members and \$595 for non-NADL members; however, grant recipients will have their tuition fee covered by the Foundation.

NADL has collaborated with Melissa Laughon of Catch Your Limit Consulting to create the NADL Leadership Development Series. This series will cover a variety of topics over a five-week series, which will strengthen leader's confidence and will also equip leaders with the tools they need to create a culture of engagement, where team members are confident with their skills and eager to contribute. Topics will include communication strategies, leadership styles, creativity tools for innovation, and methods for constructive conflict.
